'IMMEDIATE'

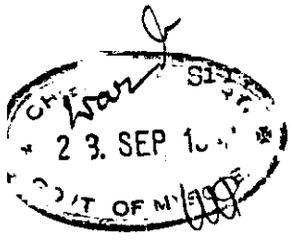
No. A.3.3796/43-44.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE.

Dated, Bangalore, 22nd September'43.

To

V. Vedavyasacharya, Esq., B.A.,
Chief Secretary to the Government
of His Highness the Maharaja of Mysore,
Bangalore.



Subject:- Hours of work of Offices under the existing standard time -

I have the honour to invite reference to Government Order No. 1365-1432/W. dated 29th August 1942 and to order No. W.4130-90/219-42-2 dated 3rd May 1943 fixing the hours of work of all Offices in future from 12 noon to 6 P.M. from March to end of September and from 11-30 A.M. to 5-30 P.M. from October to end of February. The officials have now got accustomed to the present working hours of the Office which commence from 12 noon and they would feel it a hardship if from the 1st of next month they are required to attend Office from 11-30 A.M. This is particularly so because the duration of the day is much shorter in these six months from October to end of February than from March to end of September. I therefore venture to suggest that the existing hours of work may be continued to be in force even after October and one uniform timing fixed for the entire year between 12 noon and 6 P.M. so long as the present standard time continues.

I request the favour of early orders of Government on the subject.

I have the honour to be,
Sir,
Your most obedient servant,

Revenue Commissioner.

1802

The Govt of Victoria decided to adopt a uniform Standard time throughout their for Agricultural Regions and it was considered Necessary for them that Daylight Should be saved during Winter in Eastern Provinces to mitigate effects of Obscuration measures in those areas. In April 43 they further decided that the present Standard time Should be retained for the period of the War, and in consequence during summer months in areas lying West of the Standard meridian being met where Necessary by suitable adjustment of hours in Offices etc. The decision to adjust office hours is left to the Provincial Govt of the Concerned. Area of the existing hours of work i.e. 12 to 6 continue during the Winter months. There will be sufficient daylight since the closing hour corresponds only to 5 P.M. of the original time. Asked for personal and advice whether the present timings i.e. 12 to 6 P.M. may be Continued so long as the present Standard time continues. as suggested
